

Special Release Policy Effective January 1, 2022

At Old Forester Distilling Co, our goal is to afford the greatest number of Old Forester fans the opportunity to purchase our premium products while creating a release plan that is as fair and as equitable as possible. As of January 1, 2022, the below will be in effect.

Gift Shop Releases

- Distillery special releases will not always be announced and products will be available in the gift shop on random days and at random times.
 - Purchases of ANY special release will be limited to **ONE** bottle, per visitor every calendar month (the one bottle limit excludes a gift shop offering or experience where multiple bottles of premium products may be sold together as part of a package). This includes bottles sold in the gift shop through in-store releases and consumer sweeps along with bottles that may be made available with the purchase of distillery experiences. For example, if a bottle of President's Choice is purchased in February 2022, the purchase of another premium product of any kind would not be permitted during that calendar month.
- Must be at least 21 years of age and provide a valid photo ID with proof of age.
- Special Releases are credit card only and the name on the credit card **MUST** match the name on the ID.
- If premium bottles are offered as part of an experience (tour or tasting), the individual's name used to make the reservation, must be the one to tour/taste and purchase. Tour/Tasting experiences may not be offered to another individual after the booking is made.

Old Forester Brand Special Releases

- Brand Special releases consist of annual releases and any new introductory Old Forester expression. To stay informed of any new brand releases at the distillery, please subscribe at <https://www.oldforester.com/subscribe/>

Special Releases include, but are not limited to: Old Forester Birthday Bourbon, 117 Series, Barrel Strength Rye, 150th Anniversary, 100 Proof and Barrel Strength Single Barrel and President's Choice. Please note, all of these products may also be purchased at select retailers.
